

## DOWNING COLLEGE CAMBRIDGE

### **Affiliation of Post-Doctoral Workers to Downing College and Membership of the Middle Common Room (MCR)**

Thank you for your interest in becoming an affiliated member of Downing College and a member of the MCR. We are very keen to extend the membership of the College to a wide variety of people, making the College and, in particular, the MCR more stimulating for everyone involved with it. If you feel that, through membership of the graduate common room, you would benefit from the facilities and social network the college has to offer as well as bringing something to the already thriving community, then Downing is the place for you. The college facilities available to you would include a multi-gym, a boathouse, a modern graduate common room with Sky TV and pool table, as well as excellent formal dinners. A variety of social events are also arranged on a regular basis by the MCR committee. Please see [www.dow.cam.ac.uk](http://www.dow.cam.ac.uk) for more information on the College, and click [here](#) for more information on the MCR.

If you wish to apply to become an affiliated Post-Doctoral member of the College MCR please see the attached information (3). Your CV should include the following information: university education record, professional qualifications, employment history, teaching experience, current position and date of termination of contract, future plans and a brief explanation as to why you would like to join the College. You will **also** need to include a letter of recommendation from a Fellow of the College or from a member of the MCR, once you have met with a member(s) of the MCR Committee.

Subject to approval by the MCR Committee, you will then hear within several weeks whether you have been granted MCR affiliation. We look forward to receiving an application from you and wish you every success with it.

Guy Williams
