### Manifesto:

- Keep the bar stocked with different kinds of beverages. Could create a poll to find out what members prefer to drink (both alcoholic and non-alcoholic).
- Recruit bar volunteers so that there are plenty of people to run bar nights.
- Organise different kinds of events, such as cocktail nights, salsa nights and karaoke.
- Get a disco ball for the MCR common room.
- Create a better playlist on bar nights – could create a suggestions doc so that members can request songs. Consider investing in a better sound system.
- Carefully manage the budget to ensure that the bar is sustainable throughout the year.
- Cater for all diets/lifestyles by providing alternative food and drink items for use in the MCR common room, for purchase at the bar and at MCR events.
- Help keep the common room clean and tidy.
- Ensure that people know how to get involved in different sports at Downing.
