

Laura Ryan for Social Secretary

Hello Downing!

My name's Laura and I'm a first year PhD student studying molecular neurogenetics. I am running to be one of our social secretaries to support the team in organising a range of MCR events, but especially to ensure that you all get to visit as many other colleges for formals as possible!

Pledges

- Minimum of two swaps with other Cambridge colleges per term
- Swaps with colleges at *the other place*
- No first come first served swaps with awkward mid-day sign up times: places will be allocated after a deadline by random ballot
- Sign up in two's so that you always have a friend who can go with you!
