

Hello!

I am Qianyue Zhang (you can simply call me Jimmy!) I am a second-year PhD student running for a Treasurer position at Downing MCR.

Like my English name Jimmy, I always aware to bring CONVENIENCE and be APPROACHABLE towards people I know and people I work with.

As a treasurer, I believe it is the most important characters. Besides, I always

Take INITIATIVE, in actively seeking for funding and planning interesting events;

INTEGRATES possibilities, to try my best to support as many events with the budget;

Target DRIVEN, making sure the fund applying and the reimbursement process as smooth as I can;

TEAMWORK focused, to be able to complete tasks as an individual as well as in a team;

EXPERIENCED, with my active involvement in the student-led societies in the past;

And to IMPROVE constantly, so as to develop according to the experience from previous committee and the feedback from individuals in the MCR.

I am thrilled to be a member of the Downing MCR, where students' voices are heard, and extracurricular activities are fun. It would be an honour for me to grow with the Downing MCR community.

Thank you for reading my Manifesto!
